

Rossall *Summer 2022 Exam Information*

In order to support pupils in the Summer 2022 Examinations, and to help make up for the disruption young people have experienced over the past 2 years, exam boards have published advance information as part of a set of adaptations aimed at making the exam more manageable.

Teachers will discuss this advance information directly with pupils and the purpose is to communicate the focus of the content of the examinations (or part of them) that will be assessed in the examination papers. This information can then be used to support revision.

Each exam board has published their information in different formats, and on their own websites, so to help pupils and parents negotiate the information, copied below are the exam boards used for each subject, as well as the specific exam code. Copied below is also the direct link to each exam board website where the advance information can be accessed.
